# Service Quality Standards & Consumer Protection Rules Compliance

October 9, 2013

Michelle Norbeck

Carrier & Regulatory Specialist

Blackfoot Telecommunications Group

Blackfoot Telecommunications Group comprised of Blackfoot Telephone Cooperative, Inc. (SAC 482235 and 483308) and Fremont Telcom Co. (SAC 472222) has implemented a variety of service quality standards and consumer protection policies and procedures. This document provides a high level description of the measures in place to.

# Service Quality

The companies comply with service quality standards by meeting all requirements in the Administrative Rules of Montana 38.5.3371 and Idaho Administrative Code I.D.A.P.A. 31.41.01.500, as well as, all applicable federal consumer protection rules.

## **Consumer Protection**

The companies comply with consumer protection obligations by meeting requirements in Administrative Code I.D.A.P.A. 31.41.01, applicable consumer protection regulation in the state of Montana, as well as, all federal consumer protection rules. The companies general practice is to treat all information as if it were private, in addition CPNI and Red Flag policies and procedures are observed and trained on annually. CALEA obligations and processes are strictly adhered to. Noticing is undertaken annually in relation to do not call and call before you dig. Noticing of rate changes is provided to educate customers about changes appearing on their bills regardless of the jurisdiction or regulated nature of the service.

# Functionality in Emergency Situations

October 8, 2013

Frank Creasia

VP Network Operations

Blackfoot Telecommunications Group

This document provides a high level description of the measures in place to provide functionality in Emergency situations in the Blackfoot, Clarkfork and Fremont study areas.

Central Offices in all 3 study areas are equipped with backup generators in the event of commercial AC power failures. Fuel supplies for these generators are adequate for 24-36 hours of operation and back up batteries located in each central office provide an additional 6-8 hours of backup power.

All remote subscriber carrier locations are equipped with backup batteries that are capable of providing 8-12 hours of DC power in the event of a commercial AC power failure. We also maintain a pool of portable generators that are used to recharge these batteries if the AC power is not restored prior to the batteries being fully discharged.

Where practical, fiber optic cable routes that provide connectivity to a remote central office back to the host central office have diverse routes to insure uninterrupted operation in the event of a cable cut or failure. If diverse routes are not practical the remote central office is equipped with a "stand alone" function that insures uninterrupted operation within the remoter central office service area.

### REPORT OF INDEPENDENT AUDITORS

Board of Trustees Blackfoot Telephone Cooperative, Inc.

### Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Blackfoot Telephone Cooperative, Inc. (Cooperative) and its subsidiaries, which comprise the consolidated balance sheets as of December 31, 2012 and 2011, and the related consolidated statements of operations, comprehensive income, members' equity, and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate for the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

# REPORT OF INDEPENDENT AUDITORS (continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Blackfoot Telephone Cooperative, Inc. and its subsidiaries as of December 31, 2012 and 2011, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# Report on Other Legal and Regulatory Requirements

Moss Adrams UR

In accordance with Government Auditing Standards, we have also issued our report dated February 28, 2013, on our consideration of the Cooperative's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

## Note 1 - Summary of Significant Accounting Policies

Description of entity – Blackfoot Telephone Cooperative, Inc. (Cooperative) provides local telephone exchange and long distance services to customers in western Montana. The Cooperative's subsidiaries provide switching services, long distance service and competitive local exchange carrier (CLEC) service, Internet service, retail sales of telephone systems, and equipment to customers throughout western Montana. Programming, sales, and support of computer software are offered to customers throughout the United States.

Principles of consolidation - Blackfoot Telephone Cooperative, Inc., the parent corporation, owns 100% of BTC Holdings, Inc. BTC Holdings, Inc. owns two subsidiaries: Blackfoot Communications, Inc. and Telesphere Software, Inc. The subsidiaries are included in the accompanying consolidated financial statements. All material intercompany balances and transactions have been eliminated in consolidation.

Accounting policies – The financial statements of the Cooperative have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to regulated public utilities. Such accounting principles are consistent, in all material respects, with accounting prescribed by the Federal Communications Commission (FCC).

Accounting estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include depreciation expense, liability for incurred but not reported claims under the self-insurance plan, valuation of goodwill and intangible assets, and interstate access revenue settlements.

Cash equivalents - For purposes of the statements of cash flows, the Cooperative considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Certificates of deposit – The certificates of deposit are recorded at face value and mature within two to four years.

Concentration of risk – At various times throughout the year, the cash balances deposited in local institutions exceed federally insured limits. The Cooperative minimizes this risk by utilizing numerous financial institutions for deposits of cash funds.

The Cooperative received \$6.8 million and \$8.3 million or 20% and 25% of its revenue from the Federal Universal Service Fund for the years ended December 31, 2012 and 2011, respectively.

## Note 1 - Summary of Significant Accounting Policies (Continued)

Valuation of accounts receivable – Accounts receivable are stated at the amount management expects to collect on outstanding balances. The Cooperative reviews the collectability of accounts receivable annually based upon an analysis of outstanding receivables, historical collection information, and existing economic conditions. Receivables from subscribers are due 30 days after issuance of the subscriber bill. Receivables from other exchange carriers are typically outstanding 30 days before payment is received. Delinquent accounts are charged to uncollectible expense when it is determined the accounts will not be collected. Due to the immaterial nature of the Cooperative's uncollectible accounts, an allowance for uncollectible accounts is not deemed necessary and the result of this method does not materially differ from accounting principles generally accepted in the United States of America.

Material and supplies - Material and supplies are stated at the lower of average cost or market.

Investment securities - The Cooperative's policy for investment securities is as follows:

Trading securities – Trading securities consist of debt and equity securities that are bought and held principally for the purpose of selling in the near term and are reported at fair value, with unrealized gains and losses included in earnings. The Cooperative did not hold any trading securities during 2012 and 2011.

Securities held to maturity - Debt securities, for which the Cooperative has the positive intent and ability to hold to maturity, are classified as held to maturity. Held to maturity securities are stated at amortized cost. The Cooperative did not hold any held to maturity securities during 2012 and 2011.

Securities available for sale - Securities not classified as held to maturity or trading are classified as available for sale. Available for sale securities are stated at fair value, with any unrealized gains and losses reported as a separate component of members' equity.

Property, plant, and equipment - Property, plant, and equipment are stated at cost. Regulated plant includes assets that are jointly used for regulated and nonregulated activities. The cost of additions and substantial betterments of property, plant, and equipment is capitalized. The cost of maintenance and repairs is charged to operating expenses. The Cooperative records as income and capitalizes as a cost of construction the cost of financing large construction projects spanning a period greater than two months. The Cooperative uses a weighted-average interest rate based on total Cooperative long-term debt.

# Note 1 - Summary of Significant Accounting Policies (continued)

Property, plant, and equipment (continued) – Property, plant, and equipment are depreciated using the straight-line method over their estimated useful lives. In accordance with composite group depreciation methodology, when a portion of the Cooperative's regulated depreciable property, plant, and equipment is retired in the ordinary course of business, the asset's original cost is charged to accumulated depreciation. When a portion of the Cooperative's nonregulated property, plant, and equipment is retired, a gain or loss on disposal is recorded.

**Income tax status** – In 2012, the Cooperative qualifies as a tax exempt entity because more than 85% of gross revenues are from Cooperative members. The Cooperative is also exempt for state income tax purposes. In 2011, the Cooperative was taxable for federal income tax purposes. Taxes are computed on operating income from activities unrelated to the Cooperative's exempt purpose. Margins earned from patronage sources and allocated as capital credits are not taxable.

The Cooperative's subsidiaries are taxable for both federal and state income tax purposes and file consolidated federal and state tax returns.

Deferred taxes are provided on a liability method whereby deferred tax liabilities are recognized for deductible temporary differences and deferred tax assets are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax basis. Deferred tax assets relate mainly to net operating loss and alternative minimum tax carry forwards. Deferred tax liabilities relate primarily to the use of accelerated depreciation methods for tax purposes. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not some portion or all of the deferred tax will not be realized.

The Cooperative has accounted for uncertain tax positions whereby the effect of the uncertainty would be recorded if the likelihood the position will be sustained upon examination is less than 50%. As of December 31, 2012 and 2011, the Cooperative had no accrued amounts related to uncertain tax positions. Interest and penalties, if any, are recorded as interest expense and other expense, respectively. The Cooperative is no longer subject to U.S. federal or state and local income tax examinations by tax authorities for years before 2009.

Members' equity - The Cooperative assigns patronage margins annually to its patrons based on the bylaws of the Cooperative and related board policies. Total patronage margins are computed on a book basis and consist of consolidated margins less nonoperating income. The allocation is made to individual patrons based on the amount of Cooperative services billed to each member for that year. The assignment to patron accounts is made in the subsequent year. Permanent equity is not assigned to members and consists primarily of nonoperating margins and strategic construction acquisition reserves.

# Note 1 - Summary of Significant Accounting Policies (continued)

Members' equity (continued) – A portion of the total assigned patronage capital is distributed to members as a general retirement each year. The total amount retired and the amount to be applied to each vintage year is determined by the Board of Trustees. All assigned margins prior to 1989 have been retired. Additionally, the Board approves early retirement requests from the estates of deceased patrons and defunct businesses. Early retirements for estates are discounted at 5%. The Cooperative also has a policy to retire capital credit accounts early to settle customer bad debts and to retire inactive accounts with a balance of less than \$100.

In 2011, Blackfoot Telephone Cooperative, Inc. implemented a program, which offered its members who had been inactive for more than three years the opportunity to redeem their account balances at a discount of 80%. The program ran from July 15, 2011, to August 31, 2011, for patrons electing to redeem their capital credits. As a result of the program, the Cooperative retired \$2,329,287 of its allocated capital credits, resulting in a cash payout to patrons of \$465,857. The remaining \$1,863,429 was recorded to permanent capital.

Comprehensive income – Comprehensive income is defined as the change in equity of a business during a period as a result of net margins and other gains and losses affecting equity that, under accounting principles generally accepted in the United States of America, are excluded from net margins. Unrealized gains and losses on investments available for sale and unrecognized actuarial adjustments on postretirement benefit obligations are the items included in other comprehensive income (loss).

Revenue recognition - Monthly service fees derived from local wireline and Internet are billed one month in advance, but recognized in the month that service is provided.

Usage sensitive revenues such as access (revenues earned for originating/terminating long distance calls), and long distance are generally billed as a per-minute charge. Although these revenues are billed in arrears, an estimate of unbilled revenues is accrued in the month service is provided.

Interstate access revenues also include settlements based on the Cooperative's participation in the revenue pools administered by the National Exchange Carrier Association (NECA). Settlement revenues are determined by annually prepared separations and interstate access cost studies. These studies are prepared subsequent to year end and therefore, the related revenues are recorded on the books based on an estimate of NECA pool carnings and on other assumptions related to information utilized in the preparation of the Cooperative's cost study. Revenues for the current year are based on estimates prior to the submission of the cost study reporting actual results of operations. The studies are subject to a 24-month pool adjustment period by NECA. There was an insignificant revenue impact in 2012 and 2011 for adjustments related to prior year differences between the recorded estimates and actual revenues. Management does not anticipate significant adjustments to recorded revenues for the years ended December 31, 2012 or 2011, in future years

# Note 1 - Summary of Significant Accounting Policies (continued)

Revenue recognition (continued) – Revenues derived from Telesphere software maintenance contracts are billed in advance but recognized in the month service is provided. Revenues related to the Telesphere service bureau are generally billed as a per message charge in arrears and recognized the month service is provided.

Data services revenues are derived from the provision of customer access to the public Internet, excluding revenues attributable to digital subscriber line (DSL) transport (line costs between the customer and the Cooperative's equipment that routes Internet traffic).

The Cooperative's wireline universal service support revenue is intended to compensate the Cooperative for the high cost of providing rural telephone service. Universal service support revenue includes funds received for high cost loop support, local switching support (prior to July 1, 2012), interstate common line support, Connect America Fund (CAF) and other miscellaneous programs. High cost loop support and interstate common line support are based on the Cooperative's current relative level of operating expense and plant investment. Support from the CAF is based on a historical frozen amount related to 2011 investment and expenses associated with the switching function and certain 2011 intrastate access revenues, which together make up the CAF base. The CAF base will be reduced by 5% each year in determining CAF support.

## Regulation - The Cooperative's services are subject to rate regulation as follows:

- Interstate access revenues are regulated by the FCC through its regulation of rates and settlements
  procedures as administered by NECA.
- Universal Service revenues are administered by Universal Service Administration Company (USAC), based on rules established by the FCC.

Other sources of revenues are not rate regulated, and include local wireline, intrastate access revenues, data, long distance, equipment sales, directory, rents, billing, and other incidental services.

Nonregulated expenses and nonregulated plant are directly attributable to these nonregulated services: data, billing, and miscellaneous revenues.

All other operating expenses and telecommunications plant are related primarily to wireline revenues. However, some of these costs jointly relate to regulated and nonregulated services. For interstate access settlements, universal service support, rate case and other regulatory purposes, the portion of these common costs related to nonregulated activities are removed in accordance with Part 64 of the FCC rules in order to ensure that regulated revenues are based on costs of providing regulated services.

### Note 1 - Summary of Significant Accounting Policies (continued)

Regulation (continued) - In October 2011, the FCC issued an order reforming Intercarrier Compensation and Universal Service Funding (USF) mechanisms and issued a Further Notice of Proposed Rulemaking (FNPRM) on long-term USF reform, transition timing, and implementation. The majority of the impacts of these regulations began on July 1, 2012.

Major provisions of the order and FNPRM include:

- · Limitations on the amount of support received per line
- Limitations on capital expenditures and operating expenses recoverable from the USF
- · Benchmarks for minimum local rates charged to end users by recipients of support
- · The establishment of the Access Recovery Charge billed to end users
- The phase out of local switching support and the establishment of the CAF, a new funding mechanism for investment and expenses related to the switching function
- The structured reduction of carrier access rates charged by the Cooperative to other carriers using its network to complete long distance calls

Management is monitoring the impacts of the reform on an on-going basis.

Software development costs - The Cooperative's subsidiary capitalizes the direct costs associated with the development of software products when they meet the established criteria. Otherwise, costs associated with the development of a detailed program design and/or working model, those incurred after product release, and research and development performed under contract, are charged to operations.

Advertising expenses - The Cooperative expenses advertising costs as incurred. Advertising expenses during the years ended December 31, 2012 and 2011, were \$456,173 and \$391,916, respectively.

Fair value measurements – Fair value represents the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. The Cooperative follows a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The following are the three levels of inputs that may be used to measure fair value:

- Level 1 Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable injuts other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.
- Level 3 Unobservable inputs that are supported by fittle or no market activity and that are significant to the bir volue of the assets or faibilities.

## Note 1 - Summary of Significant Accounting Policies (continued)

Fair value measurements (continued) - The fair value measurement guidance is applicable to the Cooperative in the following areas:

- · Available for sale securities (Note 3)
- . Goodwill and indefinite-lived intangible assets impairment testing (Note 4)

Taxes imposed by governmental authorities – The Cooperative is subject to taxes assessed by various governmental authorities on many different types of revenue transactions with its customers. These specific taxes are charged to and collected from the Cooperative's customers and subsequently remitted to the appropriate taxing authority. The taxes are accounted for on a net basis and excluded from revenues.

Subsequent events – Subsequent events are events or transactions that occur after the balance sheet date but before the financial statements are available to be issued. The Cooperative recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet, including the estimates inherent in the process of preparing the financial statements. The Cooperative's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the balance sheet but arose after the balance sheet date and before the financial statements are available to be issued.

The Cooperative has evaluated subsequent events through February 28, 2013, which is the date the financial statements are available to be issued.

## Note 2 - Investments in Nonaffiliated Organizations

Investments in nonaffiliated organizations consist primarily of assigned patronage from other cooperatives accounted for on the equity method and nonmarketable stock of telephone industry corporations. Investments in nonaffiliated organizations are carried at cost as the investments do not have readily determinable fair values, and consist of the following:

|  | 1  | 2012      |    | 2011      |
|--|----|-----------|----|-----------|
| National Bank for Cooperatives (CoBank) stock            | \$ | 690,079   | \$ | 701,539   |
| Patronage capital in other cooperatives                  |    | 10,664    |    | 10,582    |
| Vision Net   |    | 855,604   |    | 855,604   |
| Rural Economic Development loans                         |    | 130,800   |    | 144,000   |
| Rural Telephone Finance Cooperative capital certificates |    | 483,726   |    | 483,726   |
| Other  | _  | 24,311    | _  | 24,311    |
|  | \$ | 2,195,184 | 5  | 2,219,762 |

#### Note 2 - Investments in Nonaffiliated Organizations (continued)

Vision Net, Inc. provides advanced voice, data, and video services and is owned by Montana's independent telephone companies allowing them to interconnect a digital fiber network serving urban and rural communities throughout the state. The investment is maintained on the cost method of accounting.

#### Note 3 - Available for Sale Securities

The following is a summary of the Cooperative's investment in available for sale securities:

|              |                    | December 31, 2012           | ?            |
|--------------|--------------------|-----------------------------|--------------|
|              | Carrying<br>Amount | Gross<br>Unrealized<br>Gain | Fair Value   |
| Mutual funds | \$ 4,713,833       | \$ 18,472                   | \$ 4,732,305 |
|              |                    | December 31, 2011           |              |
| Mutual funds | \$ 7,405,899       | \$ 475,351                  | \$ 7,881,250 |

Shares of mutual funds are valued using the quoted net asset value of shares held by the Cooperative at the end of the year and are classified within Level 1 of the valuation hierarchy.

## Note 4 - Intangible Assets and Goodwill

Goodwill and intangible assets deemed to have indefinite lives are subject to annual impairment tests. Other intangible assets are amortized over their useful lives.

Nonamortizable intangible assets consist of investments in wireless operating licenses issued by the FCC and Internet domain names. The FCC licenses are scheduled to expire in 2022 but are expected to be renewed. All licenses and domain names have been deemed by management to have indefinite lives. Management has determined the fair value of the licenses and domain names exceeds their carrying value and no impairment loss was recorded as of December 31, 2012.

Amortizable intangible assets consist of customer listings. The lists are being amortized between five and ten years to nonoperating expense using the straight line method.

## Note 4 - Intangible Assets and Goodwill (continued)

The following table provides the gross carrying value and accumulated amortization for each major class of intangible asset as of December 31, 2012 and 2011:

|                                  | Gross<br>Carrying<br>Amount | Accumulated<br>Amortization | 2012 Net<br>Balance | 2011 Net<br>Balance |
|----------------------------------|-----------------------------|-----------------------------|---------------------|---------------------|
| Nonamortizable intangible assets |                             | -                           | v                   | W WITHOUT PARK      |
| Wireless licenses                | \$ 1,528,300                | \$ -                        | \$ 1,528,300        | \$ 1,528,300        |
| Internet domain names            | 23,389                      |                             | 23,389              | 23,389              |
|                                  | 1,551,689                   |                             | 1,551,689           | 1,551,689           |
| Amortizable intangible assets    |                             | 11.50                       |                     |                     |
| Customer list                    | 770,186                     | (511,945)                   | 258,241             | 6,337               |
| Software                         | 806,619                     | (800,539)                   | 6,080               | 6,440               |
|                                  | 1,576,805                   | (1,312,484)                 | 264,321             | 12,777              |
|                                  | \$ 3,128,494                | \$(1,312,484)               | \$ 1,816,010        | \$ 1,564,466        |

Total amortization expense for the years ended December 31, 2012 and 2011, was \$38,456 and \$102,953, respectively.

The estimated amortization expense for each of the next five years is \$29,000.

Goodwill of \$836,972 represents the cost of Modwest, Inc. assets in excess of the fair value of various assets and liabilities acquired in 2012. See Note 11 for additional information on the acquisition.

## Note 5 - Property, Plant, and Equipment

Property, plant, and equipment balances, together with accumulated depreciation and amortization, consist of the following at December 31, 2012 and 2011:

|                                  | Depreciable<br>Life | Plant Account  | Accumulated<br>Depreciation/<br>Amortization   | 2012 Net<br>Balance | 2011 Net<br>Balance |
|----------------------------------|---------------------|----------------|--|---------------------|---------------------|
| Regulated:                       |                     |                |  |                     |                     |
| General support assets           | 5 - 35 years        | \$ 16,690,491  | \$ 9,355,127   | \$ 7,335,364        | \$ 7,469,281        |
| Central office assets            | 7 - 10 years        | 22,786,883     | 17,615,530   | 5,171,353           | 6,557,893           |
| Cable and wire facilities assets | 7 - 25 years        | 70,189,422     | 41,805,161   | 28,384,261          | 29,125,552          |
| Intangibles                      | 3 - 5 years         | 3,155,685      | 1,431,549  | 1.724.136           | 1,829,770           |
| Plant under construction         | n/a                 | 103,193        | O TOTAL OF THE PARTY OF THE PAR | 103,193             | 256,118             |
|                                  |                     | 112,925,674    | 70,207,367   | 42,718,307          | 45,238,614          |
| Nonregulated:                    |                     |                |  |                     |                     |
| General support assets           | 3 - 6 years         | 1,449,716      | 994,462  | 455,254             | 221,207             |
| Central office assets            | 8 - 10 years        | 6,902,582      | 4,911,554  | 1,991,028           | 2,129,215           |

| Internet                         | 3 years             | 1,147,045      | 853,340  | 293,705             | 327,370             |
| Plant under construction         | n/a                 | 125,037        |  | 125,037             | 197,705             |
|                                  |                     | 13,455,114     | 8,372,547  | 5,082,567           | 5,092,873           |
|                                  |                     | \$ 126,380,788 | \$ 78,579,914  | \$ 47,800,874       | \$ 50,331,487       |

## Note 6 - Long-Term Debt

Long-term debt is as follows as of December 31:

|   | Interest Rates | Maturity<br>Dates | 2012                    | 2011                    |
|---|----------------|-------------------|-------------------------|-------------------------|
| Rural Utilities Services (RUS),<br>fixed            | 0.14%-5.49%    | 2013-2023         | \$ 10,886,079           | \$ 11,281,684           |
| National Bank of Cooperatives<br>(CoBank), variable | 1.45-1.46%     | 2015-2018         | 4,862,350               | 6,023,394               |
| National Bank of Cooperatives<br>(CoBank), fixed    | 5.40%          | 2018              | 3,600,000               | 4,200,000               |
| RUS Economic Development<br>Ioan, fixed             | 0.00%          | 2020              | 131,860                 | 144,000                 |
| Less current portion                                |                |                   | 19,480,289<br>3,061,233 | 21,649,078<br>3,007,380 |
|   |                |                   | \$ 16,419,056           | \$ 18,641,698           |

All assets of the Cooperative are pledged as security for the long-term debt. The terms of the mortgage agreements contain restrictions requiring the maintenance of defined ratios for times interest earned, operating cash flows, debt service coverage, equity to total assets, and limitation on additional debt and dividend distributions.

Maturities of long-term debt obligations for the five years following December 31, 2012, are as follows:

| 2013        | \$ 3,061,233  |
|-------------|---------------|
| 2014        | 2,988,729     |
| 2015        | 2,567,947     |
| 2016        | 2,487,876     |
| 2017        | 2,023,279     |
| Later years | 6,351,225     |
|             | \$ 19,480,289 |

At December 31, 2012, the Cooperative had unadvanced authorized loan funds from RUS in the amount of \$20,147,856.

The Cooperative has a line of credit agreement in the amount of \$1,000,000 with First Valley Bank. As of December 31, 2012 there is no outstanding balance on this line of credit.

#### Note 7 - Self Insurance

In April 2004, the Cooperative implemented the Blackfoot Telephone Cooperative, Inc. Health Benefit Plan (Plan), a self-funded group health program providing medical, vision, and dental coverage for its active and retired employees and directors. The Cooperative contracts with a third-party to act as claims administrator. Funding for benefits is derived from the employer and employee contributions. The Cooperative limits its potential losses through insurance policies with stop-loss carriers. For the years ending December 31, 2012 and 2011, the Cooperative paid \$1,794,529 and \$2,032,943, respectively, in Plan expenses. Management has set aside \$552,127 and \$223,671 in a cash account at December 31, 2012 and 2011, respectively, for the sole purpose of funding self insurance claims.

#### Note 8 - Income Taxes

Components of the provision for income tax benefit (expense):

|                               |               | 2012      | 2011           |
|-------------------------------|---------------|-----------|----------------|
| Current                       |               |           |                |
| Federal                       | \$            | (40,747)  | \$<br>(73,835) |
| State                         |               | (150)     | (150)          |
| Deferred                      |               |           |                |
| Federal and state             |               | (135,633) | (816,067)      |
| Change in valuation allowance | \ <del></del> | 296,905   | <br>865,979    |
|                               | _ \$_         | 120,375   | \$<br>(24,073) |

This income tax benefit (expense) is reflected in the statements of income as follows:

|                              | _  | 2012             |      | 2011               |
|------------------------------|----|------------------|------|--------------------|
| Nonregulated<br>Nonoperating | \$ | 112,942<br>3,117 | \$   | 49,761<br>(73,834) |
|                              | \$ | 116,059          | _ \$ | (24,073)           |

The provision for income taxes differs from the amount computed by applying the current statutory federal income tax rate to earnings before taxes due to the effect of the patronage exclusion of the Cooperative, nondeductible items, the change in valuation allowance, and prior year over or under accruals. Additionally, due to the patronage exclusion, no deferred tax provision is recognized for the defined postretirement benefit plan and available for sale securities included in other comprehensive income (loss).

## Note 8 - Income Taxes (continued)

The components of the net deferred tax liability recorded in the accompanying balance sheets at December 31 are:

|   | 2012 |            |    | 2011       |  |
|---|------|------------|----|------------|--|
| Deferred tax assets                                 |      |            |    |            |  |
| Contribution carryforward                           | \$   | 5,868      | \$ | 5,868      |  |
| Deferred revenue                                    |      | 20,746     |    | 13,720     |  |
| Allowance for bad debts                             |      | 339        |    | 9,081      |  |
| Net operating loss carryforwards                    |      | 735,031    |    | 998,734    |  |
| Alternative minimum tax credit carryforward         |      | 802,585    |    | 833,184    |  |
| Accrued warranty                                    |      | 35,815     |    | 2,100      |  |

|   |      | 1,691,227  |    | 1,892,103  |  |
| Less valuation allowance                            | (    | 1,546,471) | (  | 1,843,376) |  |
|   |      | 144,756    |    | 48,727     |  |
| Deferred tax liabilities                            |      |            |    |            |  |
| Tax depreciation and amortization greater than book |      | (230,372)  |    | (176,661)  |  |
| Net deferred income tax                             | \$   | (85,616)   | \$ | (127,934)  |  |

The subsidiaries have a federal and state net operating loss carryforward of approximately \$2,100,000 and \$1,500,000, respectively. The federal net operating losses expire in varying amounts between 2024 and 2027. The state net operating losses expire in varying amounts between 2013 and 2017. The subsidiaries have AMT credits of \$33,023. The credits can be carried forward until utilized.

The Cooperative has AMT credits of approximately \$770,000 that can be utilized if the Cooperative is taxable due to failing the 85% test.

The net change in the deferred tax asset valuation allowance in 2012 was a decrease of \$296,905.

#### Note 9 - Deferred Credits

The amounts recorded as deferred credits at December 31 are as follows:

|  | 2012         | 2011         |
|--|--------------|--------------|
| Postretirement health care plan liability, long-term portion | \$ 860,525   | \$ 826,736   |
| Right of use service obligation                              | 800,714      | 559,892      |
| Unclaimed capital credits                                    | 146,090      | 128,439      |
| Deferred revenue   | 29,635       |              |
| Accrued sick leave, long-term portion                        | 1,404,844    | 1,404,844    |
|  | \$ 3,241,808 | \$ 2,919,911 |

During 2010 and 2012, the Cooperative granted a 20-year fiber indefeasible right of use (IRU) agreement to another carrier. The revenue from the prepaid IRUs in the amount of \$645,000 and \$290,000 will be deferred and amortized on the straight-line basis over the life of the contracts.

#### Note 10 - Retirement Plans

The Cooperative provides three retirement benefit plans (Plans) for all full-time and part-time employees electing coverage. These Plans include a defined benefit pension plan, a defined contribution savings plan, and a postretirement health care plan.

**Postretirement benefits** – The postretirement health care plan is a defined postretirement benefit plan sponsored by the Cooperative for retired employees under the age of 65. Substantially all of the Cooperative's employees may become eligible for those benefits if they reach normal retirement age while working for the Cooperative.

Obligation and funded status – The amount of benefit to be paid depends on a number of future events incorporated into a formula, including estimates of the average life of employees and average years of service rendered, and future interest rates. The benefit obligation is the "accumulated benefit obligation," which represents the present value of all future benefits attributed to employee service rendered through the measure date and does not include changes in future compensation.

The Plans' actuaries measure the accumulated postretirement benefit obligation at October I and estimate the obligation at December 31 based on projected interest and service costs, amortization, and benefit payments.

#### Note 10 - Retirement Plans (continued)

The following table summarizes the benefit obligations and the funded status of the defined postretirement health care plan (Plan) over the two-year period ending December 31, 2012:

|  | Other Postretirement Benefits |         |    | t Benefits |
|--|-------------------------------|---------|----|------------|
|  |                               | 2012    | -  | 2011       |
| Estimated accumulated postretirement benefit obligation at December $31$ | \$                            | 955,018 | \$ | 896,365    |
| Amounts recognized in the balance sheets at December 31 consist          | t of:                         |         |    |            |

|   | Other Postretirement Benefits |            |  |  |
|---|-------------------------------|------------|--|--|
|   | 2012                          | 2011       |  |  |
| Current liabilities<br>Noncurrent liabilities | \$ 94,49<br>860,52            |            |  |  |
|   | \$ 955,01                     | \$ 896,365 |  |  |

The Plan is unfunded at December 31, 2012 and 2011.

Amounts included in other comprehensive income (loss) that have not yet been recognized in net periodic benefit cost at December 31 are listed below:

|   | Other Postretirement Benefits |                          |  |  |
|---|-------------------------------|--------------------------|--|--|
|   | 2012                          | 2011                     |  |  |
| Transition obligation<br>Accumulated loss | \$ (38,618)<br>(243,333)      | \$ (55,782)<br>(189,572) |  |  |
| Net amount recognized                     | \$ (281,951)                  | \$ (245,354)             |  |  |

The accumulated loss is a result of the accumulated difference between the actuary's estimates based on actuarial principles and the Cooperative's actual experience with factors such as future salary increases, the length of employment, the discount rate for the Plan obligations, and the expected rate of return on Plan assets.

The unrecognized initial obligation represents the difference between the accumulated benefit obligation and the fair value of Plan assets as of the date the Cooperative was required to implement ASC-715 (formerly FAS 158).

## Note 10 - Retirement Plans (continued)

The estimated net gain and transition obligation that will be amortized from other comprehensive income (loss) into net periodic benefit cost over the next year is \$23,846.

The net periodic benefit cost is the amount recognized in the financial statements as the cost of the Plan for the year. Components of the net periodic benefit cost are service cost, interest cost, and amortization of unrecognized gains/losses and initial obligations.

|                           | Other Postretirement Benefits |         |     |         |  |
|---------------------------|-------------------------------|---------|-----|---------|--|
|                           |                               | 2012    | _   | 2011    |  |
| Net periodic benefit cost | \$                            | 120,028 | _\$ | 112,517 |  |
| Benefit payments          | \$\$                          | 104,688 | \$  | 103,264 |  |

Other Plan information - Estimated future benefit payments, which reflect expected future service, as appropriate, are as follows:

|                 | Other<br>Postretireme<br>Benefits | nt |
|-----------------|-----------------------------------|----|
| 2013            | \$ 94,49                          | 3  |
| 2014            | 71,93                             | 3  |
| 2015            | 53,21                             | 1  |
| 2016            | 35,92                             | 2  |
| 2017            | 27,97                             | 9  |
| Years 2018-2022 | 24,76                             | 6  |

The weighted average assumptions used in the measurement of Cooperative's benefit obligation are shown in the following table at December 31:

|                               | Other Postretin | Other Postretirement Benefits |  |  |
|-------------------------------|-----------------|-------------------------------|--|--|
|                               | 2012            | 2011                          |  |  |
| Discount rate                 | 5.00%           | 5.50%                         |  |  |
| Rate of compensation increase | 3.00%           | 6.00%                         |  |  |

For measurement purposes, a 8% annual rate of increase in the per capita cost of covered health care benefits was assumed for 2012. The rate was assumed to decrease gradually each year to a rate of 5% for 2016 and remain a that level thereafter.

#### Note 10 - Retirement Plans (continued)

**Defined benefit plans** – Substantially all employees of the Cooperative participate in a multi-employer pension plan. Employees are eligible to receive an annuity or lump-sum payment at retirement. The portion of the benefit related to the pension is based on an average of prior years' compensation. The Company also participates in the MTA-sponsored defined contribution retirement plan.

The Cooperative makes quarterly contributions to the Plans based on each employee's compensation. The employer contributions for 2012 and 2011 were \$1,050,927 and \$1,062,891, respectively.

The Plan name is Retirement & Security Program for Employees of the National Telecommunications Cooperative Association and Its Member Systems. The Plan Employer Identification Number is 52-0741336/333. The information provided below is from the Plan's most recent Form 5500 filing, which covers the Plan years 2011 and 2010. At the date the financial statements were issued, Form 5500 was not available for the year ending 2012.

| Pension Protection Act<br>Zone Status |                 | Company<br>Contributions<br>Greater than 5%<br>of Total Plan | Rehabilitation | Surcharges | Expiration Date of Collective- Bargaining | Minimum<br>Contributions<br>Required |
|---------------------------------------|-----------------|--|----------------|------------|---|--------------------------------------|
| 2011                                  | 2010            | Contributions  | Plan in Place  | Imposed    | greements                                 | in the future                        |
| At least<br>80%                       | At least<br>80% |  |                |            |   |                                      |
| funded                                | funded          | No   | No             | Yes        | N/A                                       | No                                   |

The risks of participating in multi-employer plans are different from single employer plans as follows: (1) assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of other participating employers, (2) if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers, and (3) if the Cooperative chooses to stop participating in a plan, the Cooperative may be required to pay a penalty.

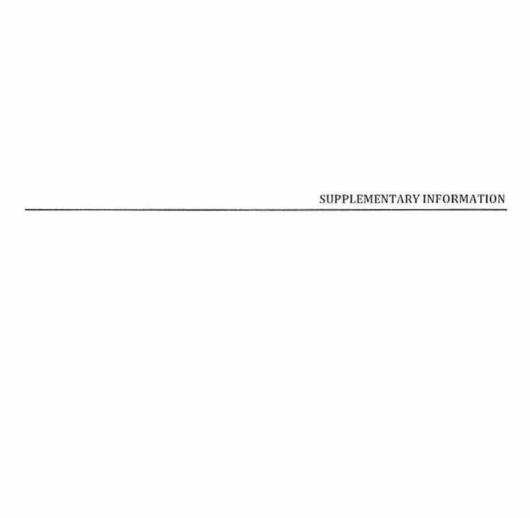

#### Note 11 - Acquisition

In February 2012, Blackfoot Communications, Inc. (BCI) acquired the stock of Modwest, Inc. (Modwest) for \$1.4 million. Modwest is a Missoula based webhosting and data storage company with over 5,000 customers located throughout the world. The acquisition is expected to expand BCI's existing customer base and will provide a platform to launch other new products and services. Modwest was subsequently merged into BCI. The operating results of Modwest from February to December are included in the accompanying consolidated financial statements. In accordance with accounting standards related to business combinations, the total purchase price was allocated to the identifiable assets acquired and liabilities assumed based on their estimated fair values as of the acquisition date. The following table summarizes the estimated fair values of the assets acquired and liabilities assumed:

| Cash                            | \$ 26,177    |
|---------------------------------|--------------|
| Accounts receivable             | 14,807       |
| Property, plant, and equipment  | 354,655      |
| Customer list                   | 289,999      |
| Deferred income tax liabilities | (122,610)    |
| Goodwill                        | 836,972      |
|                                 | \$ 1,400,000 |

## Note 12 - Subsequent Events

In January 2013, the Cooperative acquired Cutthroat Communications and Fremont Telephone for approximately \$7 million and \$30 million, respectively. Due to the dates of the acquisitions, the initial accounting has not been completed. In conjunction with the transactions, the Company paid off its existing loans and obtained new debt from CoBank in the amount of \$40.8 million.

## REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTARY INFORMATION

Board of Trustees Blackfoot Telephone Cooperative, Inc.

We have audited the consolidated financial statements of Blackfoot Telephone Cooperative, Inc. as of and for the year ended December 31, 2012, and have issued our report thereon dated February 28, 2013, which contained an unmodified opinion on those financial statements, and appears on page 1. Our audit was performed for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information is presented for the purposes of additional analysis of the consolidated financial statements, rather than to present financial position, results of operations, and cash flows of the individual companies, and it is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the consolidating information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Spokane, Washington February 28, 2013

# REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Blackfoot Telephone Cooperative, Inc.

We have audited the consolidated financial statements of Blackfoot Telephone Cooperative, Inc. (Cooperative) and its subsidiaries as of and for the year ended December 31, 2012, and have issued our report thereon dated February 28, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control over Financial Reporting

Management of Blackfoot Telephone Cooperative, Inc. and its subsidiaries is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Cooperative's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Cooperative's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

# REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (continued)

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Cooperative's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Cooperative in the audit fieldwork exit conference.

This report is intended solely for the information and use of the Board of Trustees, management, others within the entity, the Rural Utilities Service, and supplementary lenders, and is not intended to be, and should not be used by anyone other than these specified parties.

Spokane, Washington February 28, 2013

#### INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Board of Trustees Blackfoot Telephone Cooperative, Inc.

We have audited the consolidated financial statements of Blackfoot Telephone Cooperative, Inc. (Cooperative) and its subsidiaries for the year ended December 31, 2012, and have issued our report thereon dated February 28, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and 7 CFR 1773, Policy on Audits of Rural Utilities Service Borrowers. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

In planning and performing our audit of the consolidated financial statements of the Cooperative and its subsidiaries for the year ended December 31, 2012, we considered its internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing an opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Cooperative's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

## INDEPENDENT AUDITOR'S MANAGEMENT LETTER (continued)

7 CFR 1773.33 requires comments on specific aspects of the internal control over financial reporting, compliance with specific RUS loan and security instrument provisions, and other additional matters. We have grouped our comments accordingly. In addition to obtaining reasonable assurance about whether the consolidated financial statements are free from material misstatements, at your request, we performed tests of specific aspects of the internal control over financial reporting, of compliance with specific RUS loan and security instrument provisions, and of additional matters. The specific aspects of the internal control over financial reporting, compliance with specific RUS loan and security instrument provisions, and additional matters tested include, among other things, the accounting procedures and records, compliance with specific RUS loan and security instrument provisions set forth in 7 CFR 1773.33(e)(2) and related party transactions and investments. In addition, our audit of the consolidated financial statements also included the procedures specified in 7 CFR Part 1773.38-45. Our objective was not to provide an opinion on these specific aspects of the internal control over financial reporting, compliance with specific RUS loan and security instrument provisions, or additional matters, and accordingly, we express no opinion thereon.

No reports (other than our independent auditor's report, and our independent auditor's report on internal control over financial reporting and on compliance and other matters, all dated February 28, 2013) or summary of recommendations (other than the audit fieldwork exit conference) related to our audit have been furnished to management.

Our comments on specific aspects of the internal control over financial reporting, compliance with specific RUS loan and security instrument provisions, and other additional matters as required by 7 CFR 1773.33 are presented below.

COMMENTS ON CERTAIN SPECIFIC ASPECTS OF THE INTERNAL CONTROL OVER FINANCIAL REPORTING

We noted no matters regarding the Cooperative's internal control over financial reporting and its operation that we consider to be a material weakness as previously defined with respect to:

- · The accounting procedures and records;
- The process for accumulating and recording labor, material, and overhead costs, and the
  distribution of these costs to construction, retirement, and maintenance or other expense accounts;
  and
- The materials control.

## INDEPENDENT AUDITOR'S MANAGEMENT LETTER (continued)

#### COMMENTS ON COMPLIANCE WITH SPECIFIC RUS LOAN AND SECURITY INSTRUMENT PROVISIONS

At your request, we have performed the procedures enumerated below with respect to compliance with certain provisions of laws, regulations, contracts, and grants. The procedures we performed are summarized as follows:

- Procedures performed with respect to the requirement for a borrower to obtain written approval
  of the mortgagee to enter into any contract, agreement, or lease between the borrower and an
  affiliate for the year ended December 31, 2012, of the Cooperative:
  - Obtained and read a borrower-prepared schedule of new written contracts, agreements, or leases between the borrower and an affiliate as defined in 7 CFR 1773.33(e)(2)(i).
  - Reviewed Board of Trustees' minutes to ascertain whether Board-approved written contracts are included in the borrower-prepared schedule.
  - Noted the existence of written RUS approval of each contract listed by the borrower.
- Procedure performed with respect to the requirement to submit the Operating Report for Telecommunications Borrowers to the RUS:
  - Agreed amounts reported in the Operating Report for Telecommunications Borrowers to the Cooperative's records.

The results of our tests indicate that, with respect to the items tested, the Cooperative complied, in all material respects, with the specific RUS loan and security instruments provisions referred to below. The specific provisions tested, as well as any exceptions noted, include the requirements that:

- The borrower has obtained written approval of the RUS to enter into any contract, agreement, or lease with an affiliate as defined in 7 CFR 1773.33(e)(2)(i); and
- The borrower has submitted its Operating Report for Telecommunications Borrowers to the RUS, as
  of December 31, 2012, represented by the borrower as having been submitted to the RUS is in
  agreement with the Cooperative's audited records, in all material respects, and appears reasonable
  based on the audit procedures performed.

## COMMENTS ON OTHER ADDITIONAL MATTERS

In connection with our audit of the consolidated financial statements of the Cooperative and its subsidiaries, nothing came to our attention that caused us to believe the Cooperative failed to comply with respect to:

 The reconciliation of continuing property records to the controlling general ledger plant accounts addressed at 7 (Fit 1773.33(c)(1);

## INDEPENDENT AUDITOR'S MANAGEMENT LETTER (continued)

- The clearing of construction accounts and the accrual of depreciation on completed construction addressed at 7 CFR 1773.33(c)(2);
- The retirement of plant addressed at 7 CFR 1773.33(c)(3) and (4);
- The approval of the sale, lease, or transfer of capital assets and disposition of proceeds for the sale
  or lease of plant, material, or scrap addressed at 7 CFR 1773.33(c)(5);
- The disclosure of material-related party transactions for the year ended December 31, 2011, in the financial statements referenced in the first paragraph of this report addressed at 7 CFR 1773.33(e);
- · The detailed schedule of investments.

Our audit was made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The detailed schedule of investments in affiliated companies required by 7 CFR 1773.33(i), and attached to this letter, is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. This information has been subjected to the auditing procedures applied in our audit of the basic consolidated financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic consolidated financial statements taken as whole.

See attached Schedule of Investments in Affiliated Companies.
